

SETTING YOUR TRU CATCH TRAP

1. Using your index fingers, raise both rings to the top of the door.
2. Use your middle finger to flip open and raise the door.
3. With your right hand set the door on Variable Trigger Setting (as shown below).
4. Your Tru-Catch Trap is now set and ready for bait.

ADJUSTABLE TRIGGER ROD
(moving it down creates a sensitive setting for lighter animals)

BAITING YOUR TRU CATCH TRAP

Take a small amount of bait and place it approximately 3 to 4 feet in front of the trap, and again approximately 1 foot in front of the trap, then a small amount just inside the trap door and a spoonful just behind the trip pan.

To release an unwanted catch from your Tru-Catch Trap use the rear release door on the "D" models or simply turn the trap over on its top. The door will automatically open for release.
